## PROFESSIONAL EXPERIENCE:

**Small Arms Facility**, an 83,385 SF building used to repair and refurbish over 30,000 small arms weapons each year. This building included \$6.4 million in new process equipment.

*Anniston, Alabama*

**WKW Erbsloeh North America**, 125,000 square foot production facility. This facility included an anodizing line with more than 2,000 plastic pipe welds.

*Pell City, Alabama*

**i-cadamy**, an industrial training academy. This is a first of its kind partnership between Jeff State and the Pell City Industrial Board.

*Pell City, Alabama*

**Fontaine International Corporate Headquarters**, a new 50,000 square foot facility to house their North American headquarters and distribution of aftermarket parts.

*Trussville, Alabama*

**Benjamin Moore Paints Southeastern Logistics Hub**, a new 125,000 square foot facility to house and ship over 10 million gallons of paint produced in Pell City.

*Pell City, Alabama*

**Northside Medical Associates Center Phase I**, a new office to hold six (6) doctors. This included exam rooms, procedure rooms, X-ray and management office.

*Pell City, Alabama*

**Northside Medical Associates Center Phase II**, new well waiting rooms and one addition to office suite.

*Pell City, Alabama*
