Mr. Jason Goodgame  
Goodgame Company, Inc.  
2311 3<sup>rd</sup> Avenue South

To Whom It May Concern:

In 2008 we had an accident at our factory that caused about 20,000 square feet of our roof to collapse. This was on a Thursday. I asked a friend who I should call, and within two hours of the accident, Jason Goodgame was here. After speaking with him, I knew he and Goodgame Company, Inc. could handle our job. They were on the job on Saturday, cleaning away debris and preparing to order supplies for the repair. All during the project, Jason kept us up to date as to what was happening. He met all deadlines, often exceeding them, and had the complete repairs done within 90 days and within budget.

Dealing with Goodgame Company during this time made me a believer in the company. Since then, we have had several smaller jobs, and Goodgame Company was who we called each time. It is very refreshing to do business with people that do what they say they will do, or more, and do it on time. I highly recommend them to anyone.

We try to operate our company using the Golden Rule; we try to treat people like we would like to be treated. Goodgame Company operates the same way. Whether a major construction project or a small job, I will always trust Goodgame Company, Inc. to do the job right, on time, and within budget.

Sincerely,

Milton M. Magnus, III
