March 1, 2011

To whom it may concern,

I am pleased to recommend the Goodgame Company, Inc. for any consideration that you may have, for any type of construction or shop work.

Goodgame has performed many different types of works for us at National Cement, both shop fabrication and construction work.

Having been personally involved with Goodgame for all the work that they have performed, I can say that they always came through within the budget and on schedule. The quality of work is also without reproach.

Jason Goodgame has enormous knowledge about the work that needs to be done and the many contacts that they use for the various type of work. He always brings new ideas for improvement during the course of a project. His skills for coordination and fairness are most important.

If you have any questions, regarding the Goodgame Company, please feel free to call me at the numbers below.

Sincerely,

Serge Brazzolotto
Sr. Vice President
