Dear Mr. Goodgame:

On behalf of the Public Building Authority (PBA) for St. Clair County; I would like to express my gratitude for a job well done. The PBA was grateful to have your construction management team and company support for our new Department of Human Resources facility located in Pell City, Alabama.

Although the committee is comprised of capable, vested citizens for our area; we did realize construction projects and cost control is not our area of expertise. Having Goodgame Company handle the day to day tasks, construction decisions, schedule and monitor costs was in the best interest of the PBA as well as Alabama's Department of Human Resources. Goodgame's decisions were based on being good stewards of the public's money and is evident based on financial reports and updates provided to us.

The PBA realizes this project could not have gone the way it did without Goodgame's involvement. We recommend for anyone, business, entity or municipality which needs to maintain their day to day operations to involve Goodgame Company as a Construction Manager for their project. It not only saved money but it save time and heartache for those involved.

Sincerely,

Linda Crowe
