To Whom It May Concern:

In 2010 Goodgame Company, Inc. assisted Town & Country Ford Pell City with a renovation of our older building and creating a development plan for acquired land. Based on this first project with Goodgame Company and their demonstrated work ethic, I was proud to award them the construction contract for our 30,000+/- sq. ft. New Ford Trust Mark building in Pell City that was completed in October 2017.

I will certainly consider Goodgame Company, Inc. for any future projects that we might have. I also have no reservations of offering a strong recommendation of Goodgame Company, Inc. for any construction, planning or development needs.

Please feel free to call me @ 205-491-0000, if you have additional questions.

Sincerely,

Steven D. Watts
C.E.O. & Dealer Principal
